The IDRA Valued Youth Partnership has provided leadership experiences for students all over the country. It increases students' connectedness, academic achievement, self-efficacy and self-esteem by placing students in leadership positions.

The **IDRA Valued Youth Partnership's** key philosophy of valuing youth's gifts and developing social skills can provide leadership experiences for students who most need engagement.

The IDRA Valued Youth Partnership has demonstrated tremendous success helping students focus on their education and increasing the school's holding power by concentrating on students with the highest need of support. For almost four decades, VYP has kept 35,000 students in school and positively impacted the lives of 750,000 children, families and educators!

The IDRA Valued Youth Partnership directly addresses socio-emotional factors that are essential to reconnecting and re-engaging with students.

In unprecedented times such as these, schools and districts need a partner with a record of proven success, because all children are valuable, none is expendable.
