## IDRA President's Message Re: COVID-19 to Our Community Partners

In the wake of the current public health crisis, IDRA is committed to the well-being and health of our staff and the students and communities we serve. As it has been for the last 47 years, our mission is to achieve equal educational opportunity for every child through strong public schools that prepare all students to access and succeed in college.

And, although we are now working remotely, the IDRA team is more dedicated than ever to strengthening and transforming public education by providing: dynamic training for educators; useful research, evaluation, and frameworks for action; timely policy analyses; and innovative materials and programs.

You can count on us for [weekly policy updates](#), teacher and leader online academies, and free [weekly webinars](#) to help educators navigate the evolving world of online learning.

While we cannot predict what tomorrow brings, we are honored to work with each of our partners to make students proud of what we can accomplish together today.

¡Adelante!
